Poštovane Koleginice i Kolege, dragi prijatelji,

Sa zadovoljstvom Vas obavještavamo da će Šesti simpozijum mladih interventnih kardiologa Srbije pod nazivom „Meet the Future of Serbian Interventional Cardiology“ održati 16. i 17. decembra 2022. godine.

Ove godine fokus će biti na bifurkacionim lezijama kao i transkateterskom tretiranju teške aortne stenozе. Nakon uvodnih predavanja koje će održati eksperti iz zemlje i inostranstva, planiran je prenos uživo procedura iz kate-terizacije laboratorije. Planirane su i dve radionice iz oblasti intrakoronar-nog imidžinga, gde će polaznici moći da analiziraju slučajeve na simulatoru.

Srdačno,

Mr sci. med. Dragan Debeljački

prof. dr Milovan Petrović

prof. dr Aleksandar Redžek

Dear Colleagues, Dear friends,

We are pleased to inform you that the Sixth Symposium of Young Interventional Cardiologists of Serbia entitled “Meet the Future of Serbian Interventional Cardiology” will be held on December 16 and 17, 2022.

This year the focus will be on bifurcation lesions and transcatheter treatment of severe aortic stenosis. After the introductory lectures held by experts from our country and abroad, there will be a live broadcast from the Cath Lab. Two workshops on intracoronary imaging are also planned where participants will be able to analyze cases on the simulator.

Sincerely,

Mr sci. med. Dragan Debeljački

prof. dr Milovan Petrović

prof. dr Aleksandar Redžek
